KINGSLEY WA 6026

Dear Paul

I refer to the one year follow up review for the Teaching quality and Student achievement and progress domains following Goollelal Primary School's Public School Review in Term 4, 2021.

I am advised that Ms Rebecca Bope, Director, Public School Review and Ms Louise Armstrong, Principal, Lesmurdie Primary School, met with you, your deputy principal, and members of your staff, to consider the extent to which the school has made sufficient and sustainable progress against the report's recommendations.

The advice received confirms the school has met the Standard in relation to all recommendations in the identified domains.

It is my understanding that the school has made significant progress in building and establishing the conditions for students to thrive through whole school connected pedagogy, implementation of comprehensive whole-school plans and through a collective understanding and application of data to inform and support teaching programs and interventions.

The unwavering focus on the best interests of your students and your leadership to build a school wide culture of excellence through embedded self-assessment practices, is to be commended.

Goollelal Primary School is to be congratulated for its professional commitment by first, noting the area for improvement and second, implementing strategies that have resulted in the improvements desired.

The next Public School Review of Goollelal Primary School, inclusive of all domains, is scheduled for 2025.

I wish you and the staff continued success in your endeavours to provide high quality education at Goollelal Primary School.

Yours sincerely

Melesha Sands
