

Principal's Report to the P&C
Tuesday 22 August 2023

Fostering Hope Fundraiser

Thank you to all families who supported our Pyjama Day fundraiser. We raised \$1,072.70, which is an amazing effort for a school of our size. All funds go to Fostering Hope, a WA charity that supports foster families and children in care.

Professional Learning

Many people wonder what happens when school closes early on a Tuesday. Today, teachers engaged in two hours of professional learning about the teaching of vocabulary. This was presented by an expert from the West Coast Language Development Centre.

Other activities that take place on Tuesday afternoons include collaborative planning of lessons, comparisons of student work as well as whole-school meetings. Collaboration like this has a significant positive impact on the learning of all students across the school.

Feedback

Our school community is strong, and our strength is when we work together as a team, supporting one another and those children in the blue shirts. We believe that feedback is valuable, and I encourage parents to provide their feedback in a constructive way through the appropriate channels.

As a school, we are here for the kids and we are here to listen. I encourage any parent who has concerns about their child's education to speak to the teacher in the first instance and then, if they still have concerns, to contact me personally.
